

CORPORATE ANNOUNCEMENT

Stockholm, 25th of March 2020

Dear members,

Between now and April 27th 2020, all packages sold will have the following THREE strong added benefits:

- 1) Buy one package and get 50% extra value. **Example:** Buy a 7500 Euro package.
The weekly profit will be calculated on $7500 + 3750 = 11\ 250$ Euro. How good isn't that?
- 2). If you already had a matching package, or several packages before, their weekly profit will also be increased by 100%!
Example: You already had a 1500 Euro package and a 3000 Euro package and now you buy a 7500 Euro package.
What will happen? First, you get the benefit of the extra 50%, but ALSO, both your 1500 Euro package and your 3000 Euro package will pay 100% extra profit.
- 3) BLITT BONUS meaning that you get an IMMEDIATE commission payout of 20% on all packages sold during the campaign.
Example: Sell a 7500 Euro package and get 1500 Euro in direct sales commission.

Obviously you will, and should, ask how this is possible? Normally it wouldn't be, but because we are selling off our extra equity to the Luxembourg bond via the fund, the upside of this sales will cover the difference. The fund in return will guarantee your commissions and packages sold.

100% at your Service & 100% to your Success,

Team Wantage One
